

Monaghans 

**Hi, my name is Tan Khan.**

Good transport links and improved connectivity are very important in my role as a regional director for Monaghans.

I regularly travel by train to London, Birmingham and Leeds to visit clients or work from our other offices.

HS2 phase two will definitely benefit the Sheffield City

Region by creating employment, investment and growth opportunities for the many businesses that are located here. It really can't come soon enough.

This investment and growth will have a positive knock-on effect for Monaghans and will create business opportunities for our services and in turn allow our business to grow.

**Fact file**

**A bit about the company:**

We are a leading professional services consultancy delivering property and construction solutions for a wide variety of customers across a number of different sectors.

**Where our offices are based:**

We are based in Sheffield but also have offices in Leeds, London, Tewkesbury, Paris and Poland.

**How many people do we employ:**

Around 100 in the City Region.

**How long have we been in the City Region:**

We have had an office here since 1975.
